

Andoer HDV 107 Strap Replacement

Replacement of the strap that holds your hand to the camcorder

Written By: Isaac Saron

INTRODUCTION

This guide is useful for anyone who wants to replace the strap on this camcorder.

TOOLS:

- [Phillips #000 Screwdriver](#) (1)
-

Step 1 — Strap

- At the bottom of the camera you will see the battery compartment cover as seen in the picture
- To open this compartment, apply pressure in the direction of the arrow and remove.

Step 2

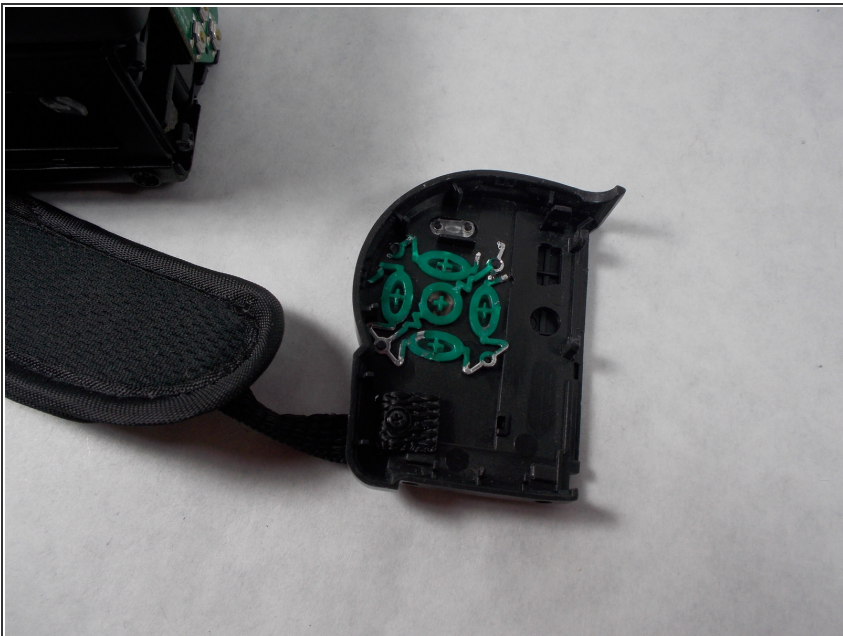

- Remove the 1 mm circled screws with the Phillips head #000 screwdriver.

Step 3

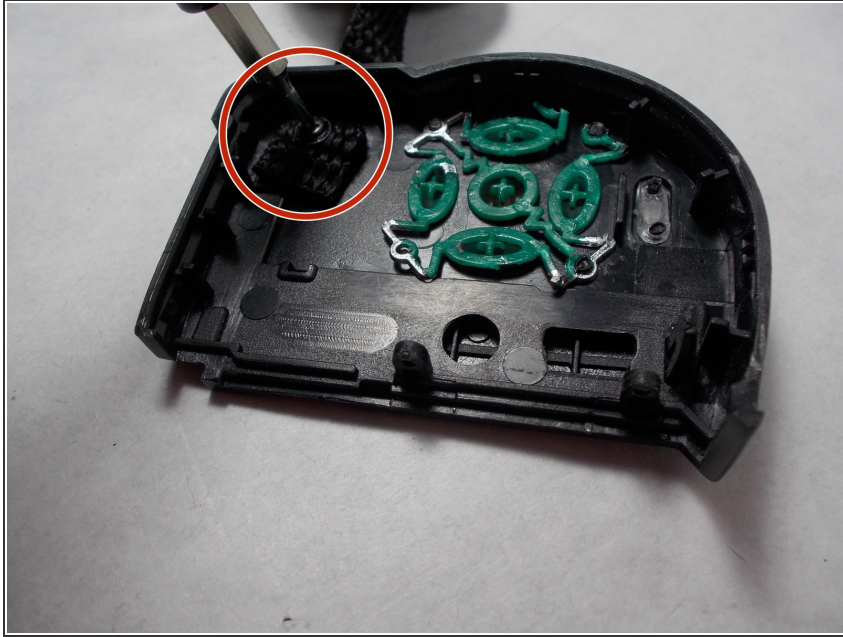

- Remove the 1 mm Phillips head screw.

Step 4

- Once all previous screws have been removed the panel can be pulled off of the camera.

Step 5

- Use your screwdriver to remove the 1 mm Phillips head screw and release the strap.

To reassemble your device, follow these instructions in reverse order.
